Efficient in every way.
HIGH EER AC
TRULY A 5-STAR PERFORMER

Trapeziform Innergroove Tube

Compared to the Triangular Inner groove tube and the aluminum coil used by other manufacturers to reduce costs, the trapeziform Inner groove copper tube enlarges the heat exchange area and improves energy efficiency and durability of the product.

MODEL NO.
TNAC - 09CS/5BU, TNAC - 12 CS/5BU, TNAC - 18 CS/5BU

OUTDOOR UNIT

REMOTE CONTROL

PROVIDES MAX. COMFORT

- Compact Design
